Subject: Thursday meeting with Squaxin Island Tribe

Mike, Dave C, Dave R (c: Jannine & Matt)

John Konovsky has forwarded a more formal agenda for our Thursday 1:30 meeting with the Tribe (attached below). They are interested in talking about the Oakland Bay TMDL, the Deschutes TMDL, and they have added Ecology's Triennial Review onto the standards (so I'm copying Jannine & Matt on this e-mail).

fyi, the Oakland Bay TMDL is one of the TMDLs funded through the 604(b) ARRA funds, and the grant requires that TMDL to be submitted to EPA by the end of June. The public notice period for that TMDL closes next week.

Subject: Tomorrow

Laurie, here is a more formal agenda for tomorrow. It includes one addition, the relationship between temperature and streamflow in the Deschutes. Also, be prepared for Jeff to moan about having to come to Seattle. I agreed to it, but he is not looking forward to it. JK
